

GOVERNMENT REJECTS LABOR PROPOSAL TO END COAL MINERS' STRIKE

COURT PROCEEDINGS WILL NOT BE LIFTED

Leaders Declare Government's Refusal
Sweeps Away All Hope of Immediate Settlement of Difficulties

—Union Chiefs Silent.

WASHINGTON, Nov. 5.—Organized labor's proposal ending the coal strike thru withdrawal of injunction proceedings against officers of the United Mine Workers America was bluntly rejected today by the department justice.

The government's answer to the union suggestion advised by President Gompers was given by Assistant Attorney General Ames who declared the strike in itself was violation of law and that as long as it continued the only way to fight it out was in court.

Labor leaders, visibly disturbed by this refusal, agreed the operators on one important point—that the statement of government's position swept all hope of immediate settlement of the strike.

A restraining order issued by Judge Anderson at Indianapolis last week was made absolute Saturday. Counsel for miners will go into court that day and ask for dismissal of all proceedings.

One of two things happened, according to officials, either will grant the plea of miners or issue a permanent injunction carrying with it a restraining order to act as President John L. Lewis, local officer of the strike.

Whatever the court does it is self entitled to the next important move bearing on the question of settling the strike.

Representatives of the miners' labor leaders declared today that withdrawal of all proceedings would bring the coal fields within eight hours of Lewis' statement that the miners would be willing to negotiate a new agreement "without reservations."

They said that the state had been wiped clean and dead for a five day week and a four day week, together with a 60 cent wage increase withdrawn.

Labor leaders declared there was no hope of miners returning work in a body until the new agreement had been ratified.

President Wilson issued orders today to the Fuel Administrator, General Garfield, to regulate price, distribution and shipment of all coal, including Anthracite. This restored all powers vested in the Fuel Administrator during the war.

The fuel administrator was in charge of the coal supply and distribution, with Director-General Hines in charge of the railroad administration for distribution where most needed.

There were few reports to the department of justice from its field in the coal strike situation was described unchanged. Reports to the department headquarters of the operators from agents in West Virginia said that the coal mines had resumed operations in various fields of that state, but these having opened to a few disquieting reports came from different sections where available coal stock was low.

The fuel administrator today sounded an alarm in a telegram to Director General Hines in which he contended that the coal for their homes ahead that assigned to locomotives and "luxurious trains" across the continent. In some cities local authorities made their own arrangements for distribution of coal and a number of instances the railroad administration released shipments for local use.

The sections of curtailment of train service and placing embargoes on right shipments were discussed. No reduction of service will be made until conditions reach a point where it cannot be avoided.

Assurances again were given by the government in reply to inquiries that every protection would be afforded union or non-union miners willing to remain at work. Kentucky operators, at a conference with Dr. Garfield, declared that troops be sent to that state because of threats made against working forces. They are told if troops were needed they would be sent.

PERATORS DENY GOMPERS' STATEMENT
Washington, Nov. 5.—Denial that representatives of the operators walked out of the meeting.

REDS' MURDER MINISTERS
Chicago, Nov. 5.—Bolsheviks have murdered twenty-five Lutheran pastors in Estonia and Latvia, and eleven in Finland, Dr. Lauritz Larsen of Washington today said in an address before the Lutheran Brotherhood of America at their first biennial convention.

PROCEEDINGS AGAINST LIQUOR VIOLATORS STOPPED
St. Louis, Mo., Nov. 5.—Proceedings against violators of the wartime prohibition law were ordered temporarily stopped by Federal Judge Pollock here today. The gathering of evidence against violators however, may continue the judge ruled.

The judge's action followed presentation of arguments in injunction suits brought by St. Louis brewers to restrain federal authorities from enforcing wartime prohibition and the prohibition enforcement law.

TAMMANY LEADER INTERVIEWS HIMSELF
New York, Nov. 5.—Charles F. Murphy, leader of Tammany Hall, interviewed himself today just as newspapermen entered his office to observe his emotions the day after an election in which Tammany went down to defeat. Anticipating questions, Murphy quickly said:

"Am I going?"

"No, I'm not."

PEACE PACT WILL BECOME EFFECTIVE ON NOVEMBER 28

Signature of Protocol Will
Take Place on That
Date.

BULLETIN.

PARIS, Nov. 5.—(Havas.)—The treaty of Versailles and peace settlement with Germany will become effective it is asserted in well informed circles in Paris on November 28. The signature of the protocol, and the exchange of ratifications between Germany and such allied and associated powers as have then ratified the treaty will take place on that date, it is reported.

BERLIN, Nov. 5.—(Havas.)—The note of the supreme council calling upon Germany to send to Paris delegates to sign a protocol agreeing to carry out certain unfulfilled provisions of the armistice regarding surrender of railway material, agriculture, etc., and to make compensation for the destruction of the fleet at Scapa Flow has been received here.

The note calls for the surrender of five light cruisers, floating docks and small destroyers as a penalty for destruction of the warships at Scapa Flow.

THREE PUBLIC POLICY QUESTIONS IN DOUBT

CHICAGO, Nov. 5.—Altho the three public policy questions at yesterday's election of constitutional convention delegates obtained the tremendous majority of nearly 70,000 in Chicago and Cook county and on that strength may have carried many downstate districts voted against them.

The official vote as reported to the secretary of state may be necessary to decide the issue.

The Chicago Tribune had information tonight that the propositions had been defeated in twenty-seven of the thirty-two downstate districts.

The Chicago Herald and Examiner's advice was that thirty-two districts had carried the propositions, nine downstate districts had elected them and ten districts still were in doubt.

Few changes from last night's indications for delegates were reported today. The thirtieth district however, elected two Republicans, Guy L. Shaw of Beardstown won over J. M. Rahn, Democrat of Pekin, who last night was reported elected with Lewis A. Jaman, Republican of Russellville.

Indications today were that the convention to be held in Springfield, next winter, would be organized on a non-partisan basis without party caucuses in advance. David E. Shanahan, delegate from the ninth district and speaker of the Illinois house of representatives and former Governor Joseph W. Pifer of Bloomington, a delegate from the twenty-sixth district, were among those mentioned for chairman of the convention.

Richie Wins in Maryland.
Baltimore, Md., Nov. 5.—Albert C. Ritchie, Democrat, was elected governor of Maryland yesterday by a plurality of 342 on the face of unofficial but virtually complete returns late today.

Chairman Tait, of the Republican state committee refused to concede Mr. Ritchie's election and claims that Harry W. Nies, the Republican candidate is elected, but does not give any figures.

CRIME WAVE IN CHICAGO LARGE

Chicago, Nov. 5.—In addressing the Chicago Association of Commerce today Edwin M. Sims, president of the Chicago crime commission and former United States attorney declared that Chicago with its population of 3,000,000 has more murders in a year than England, Scotland and Wales with their 40,000,000 people. He said last year the murders in Chicago averaged one a day.

WALKING DRUG STORE.

Chicago, Nov. 5.—Ben Larsen, of Chicago, Ill., explained he had a "mixed drink" when arrested yesterday charged with being intoxicated.

From his pockets the police removed two bottles of lemon extract, one bottle of bay rum, a bottle of medicated alcohol and a bottle each of liniment and peroxide of hydrogen.

TAMMANY LEADER INTERVIEWS HIMSELF

New York, Nov. 5.—Charles F. Murphy, leader of Tammany Hall, interviewed himself today just as newspapermen entered his office to observe his emotions the day after an election in which Tammany went down to defeat. Anticipating questions, Murphy quickly said:

"No, I'm not."

LITTLE PROGRESS ON PEACE TREATY MADE WEDNESDAY

Senators Spend Most
of Day in Hot
Debates.

LA FOLLETTE PROPOSAL LOSES

WASHINGTON, Nov. 5.—Plans to wind up the fight over peace treaty amendments miscarried today, the senate adjourning after six hours of speechmaking with three proposed amendments confronting it while there had been only two in the morning.

The only vote taken was on the proposal of Senator La Follette, to strike out the treaty's labor provisions and after it had been rejected, 47 to 34, two new amendments dealing with the league of nations covenant were prepared by Senator Borah. On these and on the amendment of Senator Gore, to prohibit war without an advisory vote of the people, the leaders hope to get final action tomorrow.

The prospect for a final roll call on the treaty still is complicated by uncertainty as to what course may be adopted by the group which is standing out irreconcilably against any sort of ratification. It had been the expectation of the leaders on both sides to wipe the slate clean of amendments by voting on the Gore proposal immediately after the defeat of the labor amendment today. Instead, Senator La Follette got the floor and, to the surprise of both sides, launched into an extended address criticizing President Wilson for the method in which the treaty was negotiated.

When he had been speaking for two hours he let it be known that he was only about half thru and recess was taken until tomorrow. Later notice was given of the two Borah amendments which propose to exempt the United States from the provisions of articles ten and eleven and which are expected to develop considerable debate.

Earlier in the day another of the treaty's bitter foes, Senator Reed, Democrat, Missouri, had made a speech of more than two hours in which he opposed hasty action and said he would present a proposal for an advisory popular vote on the question of ratification.

Much bitterness was evidenced during the day's debate and one point Vice President Marshall interrupted Senator Reed to warn him that he was violating senate rules by comparing reservation senators to "bound dogs." Later when President Pro-Tem Cummings was in the chair, Senator La Follette enlarged upon the figure by declaring legislators had laid down like snail dogs at the crack of the executive whip.

WOULD MEET SHIP WITH DEAD SOLDIERS

WASHINGTON, Nov. 5.—A congressional committee would meet the Steamship Lake Daraga, which is due to arrive in New York Sunday with bodies of American soldiers who lost their lives in Russia, under a resolution adopted unanimously today by the house.

Representative Nichols, Republican, Michigan, who introduced the resolution, said the bodies were those of 111 members of the 339 Infantry from Michigan, Illinois and Wisconsin.

Under the resolution Speaker Cullen and Vice President Marshall would each name six members of congress on the committee.

ENGLAND THANKS AMERICAN OFFICERS

WASHINGTON, Nov. 5.—Official thanks of the British government to several American officers for the assistance they rendered in aeronautical work during the war, is contained in a letter received today by Secretary Baker. Those mentioned specifically were William C. Potter, assistant director of aircraft production; Brigadier General Bryce C. Dique, former head of the service production division; Colonel Edward A. Deeds and J. G. Vincent, assistants in the designing of the Liberty Motor, and Captain Raymond E. Carlson and Lieut. Harold H. Emmons, navy air service.

WILL NOT BE CANDIDATE FOR LEGION OFFICE

New York, Nov. 5.—Lieut. Col. Theodore Roosevelt, elected yesterday to the assembly from the Oyster Bay district, tonight announced that he would not be a candidate for any office in the American Legion, because of his engagement in politics. On Saturday he will leave for the legion convention in Minneapolis.

URGENT EDUCATION TO COMBAT RADICALISM

St. Louis, Mo., Nov. 5.—Education as a means of combating radicalism was urged by speakers at the 57th annual convention of the Missouri State Teachers' association which opened informally here tonight.

Thanksgiving Day Proclamation

WASHINGTON, Nov. 5.—President Wilson today set aside Thursday, November 27, as Thanksgiving Day in a proclamation which said the country looked forward "with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace."

The proclamation follows: "By the President of the United States of America."

"A PROCLAMATION. "The season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which he has conferred upon our country during the twelve months that have passed. A year ago our people poured out their hearts in praise and thanksgiving that victory and peace had come to the nations which so courageously struggled in defense of human liberty and justice. Now that the stern task is ended and the fruits of achievement are ours we look forward with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace."

"But to obtain the consummation of the great work to which the American people devoted their manhood and the vast resources of their country they should give thanks to God, re-consecrate themselves to these principles of right which triumphed thru His merciful goodness. Our gratitude can find no more perfect expression than to bulwark with loyalty and patriotism those principles for which the free peoples of the earth fought and died."

"During the past year we have had much to make us grateful. In spite of the confusion in our economic life resulting from the war we have prospered. Our harvests have been plentiful and of our abundance we have been able to render succor to less favored nations. Our democracy remains unshaken in a world torn with political and social unrest. Our traditional ideals are still our guides in the path of progress and civilization. These great blessings vouchsafed to us, for which we devoutly give thanks, should arouse us to a fuller sense of our duty to ourselves and to mankind to see to it that nothing we may do shall mar the completeness of the victory which we helped to win. No selfish purpose animated us in becoming participants in the world war, and with a like spirit of unselfishness we should strive to aid by our example and by our co-operation in realizing the enduring welfare of all peoples and in bringing into being a world ruled by friendship and good will."

"Therefore I, Woodrow Wilson, President of the United States of America, hereby designate Thursday, the 27th day of November, next, for observance as a day of thanksgiving and prayer by my fellow countrymen, inviting them to cease on that day from their ordinary tasks and to unite in their homes and in their several places of worship in ascribing praise and thanksgiving to God the author of all blessings and the master of our destinies."

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed."

"Done in the District of Columbia, this fifth day of November, in the year of Our Lord, One Thousand, Nine Hundred and Nineteen, and of The Independence of the United States, the One Hundred and Forty Fourth."

(Signed) "Woodrow Wilson."

"SEAL" By the President, Robert Lansing, Secretary of State.

AGREE TO NEW PLANS FOR DEALING WITH RAILROAD SITUATION

Early Passage of Emergency
Legislation Necessary.

WASHINGTON, Nov. 5.—A new program to deal with the railroad situation was arranged tentatively today by congressional leaders it involves probable passage of temporary, emergency legislation to protect railroad and public interests should the carriers be returned by the president to private control January 1, as Mr. Wilson has announced is his intention. Altho house leaders plan to press permanent railroad legislation on the other side of the capital, the senate interstate commerce committee at a special meeting today agreed that final enactment by congress of the permanent legislation before January 1, virtually was hopeless and steps were taken toward passing a temporary bill continuing the railroads federal compensation until the final legislation is completed.

Transfer of the railroads from government to private control January 1, the leaders were advised, has been decided on finally and unalterably by President Wilson and Director General Hines. Senate and house leaders in conference today agreed that every effort should be made by congress to enact the permanent legislation before January 1.

The legislative program calls for beginning consideration of the house bill Monday and its passage during the week. If the peace treaty is disposed of, immediate senate consideration of the permanent legislation is planned. If it develops that the legislation cannot be completed by January 1 the temporary measure to continue the government's guarantee returns to the railroads will be passed during December.

CONSOLIDATION OF AIR FORCES APPROVED

WASHINGTON, Nov. 5.—Approval of the theory of a consolidation of the government air services under a separate department or commission is contained in the report of a special army board appointed by the war department to consider pending bills to that end. The report was transmitted today to Chairman Wadsworth of the senate military committee by Secretary Baker who disagreed with the board's principal recommendations.

MINNEAPOLIS BANK LOOTED

Minneapolis, Nov. 5.—Two armed robbers entered the Peoples' State bank, shortly after noon today, forced R. E. Pope, cashier, and F. G. Clark, assistant cashier to throw up their hands and lead them into the vault, from which the bandits took \$5,000 in cash and securities.

LIQUOR LABELLED "HOUSEHOLD GOODS"

Chicago, Nov. 5.—Thirty-six quarts of champagne and 48 bottles of gin contained in boxes labelled "household goods" were seized and removed from a freight train by the Evanston police today and turned over to federal revenue agents. The police said the liquor was packed with household furnishings billed to H. R. McLaughlin of Minneapolis, a former resident of Evanston, a salaried.

WILSON CONGRATULATES GOVERNOR-ELECT EDWARDS

Washington, Nov. 5.—President Wilson congratulated Governor-elect Edward L. Edwards, of New Jersey in a telegram which read:

"Please accept my hearty congratulations upon your election."

ANOTHER BLOW TO JOHN BARLEYCORN

CHICAGO, Nov. 5.—A Chicago hotel owner announced today that the October receipts for cafe and a grill room were \$102,000 as compared to \$147,000 for June, the last month before war prohibition went into effect. He said he believed that the prohibition bugaboo had been overplayed.

GOMPERS IN FIRST ADDRESS TO WORLD LABOR CONFERENCE

Declares for Straight 8-Hour
Day as the Maximum.

WASHINGTON, Nov. 5.—Making his first address before the international labor conference in which he sits as an unofficial representative of American Labor, Samuel Gompers declared today for the straight eight hour day as a maximum as compared with the forty-eight hour week and incidentally served notice that in the United States even the eight hour day would be shortened if labor could accomplish its purpose. Mr. Gompers spoke in reply to a majority report on the part of employer delegates favoring the principle of reducing hours, but stating that it could not be put in force generally at this time owing to the need for increased production as a result of the war.

The report submitted by D. S. Majorbanks of Great Britain, pointed out the need for special effort to make good the shortage of food supplies, the reconstruction of devastated areas and the replacement of machinery and declared that the progressive increase in the cost of living would lead to disaster unless the needs of the present situation were considered in conjunction with the aims of the labor representatives.

Mr. Gompers characterized the American woman the most productive worker in the world and said industrial history proves the eight hour day to be more productive than a ten or twelve hour day.

Later, Mr. Gompers again took the floor to move that the entire subject of hours of work be referred to a commission. A motion offered yesterday by George N. Barnes, British government delegate and numerous amendments proposed today had been discussed thruout the session and Mr. Gompers proposed that the whole matter be sent to a committee.

The Gompers motion was lost by a vote of 30 to 41 with a majority of the labor delegates voting "no." Mr. Gompers raised his hand in the affirmative but his vote was not counted by the secretary because of his unofficial status.

Mr. Barnes motion provided that the draft convention on the forty-eight hour week prepared by the organizing committee be made the basis for discussion, but this was opposed by labor delegates on the ground that it excluded the eight hour day from consideration.

A substitute resolution providing that the convention relating to the eight hour day and the 48 hour week as a maximum be accepted as a basis for discussion offered by Leon Jouhaux, French labor representative also was defeated. Then the original motion with an amendment by Arthur Fontaine of France, striking out the objectionable words "forty-eight hour week" followed the fate of the other proposals. The conference with its slate clean then adjourned until 3 p. m. tomorrow.

MAXIMUM COAL PRICES WILL REMAIN

WASHINGTON, Nov. 5.—There will be no change at present in maximum coal prices fixed by the government, Dr. Garfield, fuel administrator today told a delegation of operators. If the strike lasts, readjustments of price may be necessary, he said. The operators had complained that the maximum limits were pinching them. Mr. Garfield made it clear that the government was acting in the interest of the people as a whole, and that the nation must be protected against some few operators and dealers who might be willing to take advantage of the emergency.

ONLY ONE NATIONAL BANK FAILS IN 2 YEARS

WASHINGTON, Nov. 5.—Establishing a record for immunity from failure, national banks of the United States have gone thru the last twenty-two months with only one enforced closing, according to an announcement tonight by John Skelton Williams, comptroller of the currency. The one failure reported by Mr. Williams was in 118, no bank having been forced to suspend during the past 24 months of this calendar year.

This record as Mr. Williams said stands out as thirty times better than the average for any similar period in the forty years life of the present national bank system.

For the first ten months of the present year 221 charters for new national banks were granted by the comptroller. Of these 41 were made operative in October.

The tremendous strides taken by American business the comptroller said was reflected in the number of banks increasing their capital stock as well as in the granting of new charters.

20 NEGROES GIVEN PRISON TERMS

Helena, Ark., Nov. 5.—Twenty-six negroes charged with first degree murder in connection with negro disturbances near Elaine early in October entered pleas of guilty to second degree murder when arraigned in the Phillips county circuit court here today and were sentenced by Judge J. Jackson to serve terms of five years each in the state penitentiary.

NO BEER, NO WINE, NO WORK, GO HOME

Chicago, Nov. 5.—John Pacione, spokesman for thirty Italian coal miners from Toluca, Ill., who today applied to the internal revenue collector for passports to return to their native land, when asked why they were leaving the United States replied:

"No beer, no wine, no work; go home."

A great many miners own automobiles and a great many more do not. The fact is that in the management of their personal and household affairs miners differ in just about the same way that other people do.

Now is the time for the alarmists to come forward—

those who are always picturing Japan as a real yellow peril. The Japanese government has just announced an eight year naval program which will require the expenditure of \$824,000,000. There will be four battleships, eighty destroyers, seventy submarines and other war craft. Of course this equipment is to be used against the U. S.

The result of the elections held in various states Tuesday gave positive proof of strong Republican sentiment. If a national election were to be held this month there is every indication that the Republicans would sweep into power with a record heretofore unapproached. If anyone can find in the Tuesday election results any approval of Democratic rule, that person must have a fine bit of imagination.

There was nothing in the Ohio vote Tuesday to give any consolation to the wets. There the question of prohibition was put up to the people at a popular election and the state was looked upon as a national battle ground. Some of the big cities went wet but the majorities there were swept away by the dry vote in the smaller cities and in the country precincts.

It costs a lot to live these days and everybody knows it. No matter what station in life. But the fact remains that there were never before 27,000,000 people with savings accounts. Evidently some of the lessons of frugality which the war taught have not been forgotten. The present prosperous business conditions may not always obtain, but more Americans than ever before have something laid up for "a rainy day."

FRUGAL EUROPE.

Most Americans thought that practically all supplies for the American forces abroad were shipped from this country, but Brigadier General Charles Dawes of the purchasing board testifies that more than 10,000,000 ship tons of supplies were purchased abroad. This was done so that the shipping might be kept for the transportation of soldiers. Nevertheless the figures prove that the countries of Europe were far from being without supplies.

While people justly complain because the state hard road is not connected with the Hardin and Morton avenue pavements, it is worth noting that like conditions obtain at Springfield. There are four stretches of hard road over there, each finished to within two blocks of the city limits, and in each case the blocks mentioned are unpaved. All the rough road troubles are by no means confined to this locality, and by the way, there are some mighty bad pavements within the limits of the capital city.

There are no distinct signs of a settlement of the mining situation by Saturday, when the hearing is to be had on the injunction, but those who study the situation find much to encourage the belief that a compromise will come.

Certainly the miners' officers do not want a permanent injunction which prevents them from talking or from disbursing money from the \$15,000,000 in the treasury. They will surely make some concession before they see that injunction made permanent, and it is a safe guess that such an order will be entered if the government wants it.

Then the operators are anxious for a settlement, for there is no profit in idle coal mines. The time has not yet arrived to be very seriously alarmed over the coal situation, for it is far from hopeless.

TRANSPORTATION CHANGES.

It only takes a half dozen lines sometimes to give emphasis to the wonderful changes in transportation that have come about in just a year or two of time. Big motor buses in Chicago have been operating for about that period

and with open tops. Now all this equipment is to be supplanted with buses with closed tops. Eighty of them are being built and it will not be long before they are conspicuous on the city streets. It looks as if congested street railway problems of cities will be solved with the motor buses.

An air express service between New York and Chicago is to be established and the mail service between the two cities increased. It's of course well enough to look forward but a lot of people feel that before much development of air express service is attempted that it would be well to spend some time in developing and bettering the railway express business. The consolidation of offices and companies may have reduced operating costs, but it has not resulted in speedier service.

People of Chicago approved bond issues amounting to \$26,000,000 for various kinds of public improvements. Charles H. Walker of the Chicago plan commission says that the unanimity of action and thought on the part of the people show in that vote means a revival of the Chicago spirit. He counts the vote one of the six most significant in the history of the big city.

When one thinks about it, the ready approval of bond issues for improvements in many cities these days is a hopeful sign for the continuation of business activities. The money from these huge bond issues will be expended for public improvements and that means consumption of materials and the opportunity for labor.

GEN. PERSHING'S ESTIMATE OF THE RED CROSS

Fifty million members for the American Red Cross.

That is the hope of Gen. Pershing, as expressed in a statement sent to National Headquarters of the American Red Cross at the opening of the Third Roll Call.

"I want to see the American Red Cross enroll every adult in the United States," he said. "I want every child to belong to the Junior Red Cross. I hope that the American people will respond to this Roll Call which has for its aim the continuance of the works of peace as readily as they responded to the calls during the time of war."

"I would like to see a member-

ship of fifty million men and women in this organization, all engaged in the life conserving program which has been outlined by the Red Cross as its peace time activity.

"The end of the war has caused many to feel that further active support of this Society is not necessary. I cannot urge too strongly upon all citizens of desirability and necessity for lending their heartiest support to the continuation of the work of the Red Cross, particularly during this present period of social unrest throughout the world."

Rippling Rhymes
By Walt Mason

Farm and City.

The hours of night bring calm repose upon the quiet farm; the weary husbandman there knows sweet slumber's fullest charm. Refreshed in spirit, brain and brawn, he rises, wearing bells when dippy roosters greet the dawn with idiotic yells. How different it is in town, where weary people weep. The streets are full of strident noise that jars the nightly shades, and giddy girls and buoyant boys sing ragtime serenades. And batty speedsters whiz along in whanging motor cars, and greet with yells and ribald song the pale, disgusted stars. Belated plugs, with noisy hoots, to stables gallivant, and vagrant cats on metal roofs attempt a bughouse chant. And so the man who needs his sleep becomes a ghastly wreck; and in the morn he cannot keep from muttering, "By heck!" A night of sleep would soothe his soul, and heal life's sores and stings, but morning finds him in the hole, and he exclaims, "By jings!"

MISS HELEN MILLER MARRIED IN DECATUR

Daughter of Mr. and Mrs. J. W. Miller, Former Resident, Weds. Lowell Gill—Mr. and Mrs. J. Marshall Miller and Family Attended Wedding.

The Decatur Review of Monday evening contains the following account of the wedding of Miss Helen Miller, daughter of Mr. and Mrs. J. W. Miller, former residents of this city.

Autumn leaves and lavender chrysanthemums gave a pretty touch to the J. W. Miller home, 1332 North Water street, for the wedding this afternoon of Miss Helen Miller and Lowell Gill. The ceremony took place at 4 o'clock before the fireplace in the living room. Miss Miller made a charming bride in her gown of white English lace. She wore a veil and carried a bouquet of white. Her maid of honor, Miss Elizabeth Miller, wore pink taffeta, and carried lavender chrysanthemums. Leo Bailey was the best man.

The wedding music was furnished by Miss Ruth Lavery with the violin, and Mrs. Forrest Wyckoff as piano accompanist. Before the ceremony they played "At Dawning" and "O Perfect Love." As the bridal party entered, the wedding march from "Lohengrin" was played, and during the service "Salut D'Amour" was given softly. Following the ceremony Miss Lavery and Mrs. Wyckoff played Mendelssohn's wedding march. Rev. C. E. Jenney, pastor of the First Presbyterian church, performed the ceremony.

A two-course dinner was served after the wedding service. Six of the active Zeta Tau Alpha sorority girls did the serving. They were Bernice Breneman, Helen Hoops, Louise Vent, Adeline Mattes, Muriel Wiswell and Vera Clayton. Three of the Z. T. A. alumnae, Joy Cowen, Martha McIntosh, and Ruth Gleiser, assisted in receiving the guests. The bride is a member of Zeta Tau Alpha.

Mr. and Mrs. J. Marshall Miller and family of this city were present at the ceremony.

"The Lottery Man"

No limits as to age, size or previous condition of marital servitude. Man willing to go before altar and swear away his whole life. Reasons strictly personal. For full information, call at Scott's Theater and ask for Mr. Wallace Reid. Two hundred thousand women already in the contest, so you'd better come early. Husbands, real or would-be, also admitted if they will pay for one or more seats and slowly wink one eye. Management not responsible for buttons bursted by laughter during performance. Still, whatever happens, you will see a picture that is a picture. Don't miss it!

Three Big Scenes from "The Lottery Man"

"The Lottery Man" is one of those comedies that doesn't hesitate at all. It starts right off with a big laugh when Jack (Wallace Reid) and Foxey (Harrison Ford) in the college class room proceed to disregard the words of the professor and bet on whose candy will first attract the fly. The essence of comedy is contained in the scenes showing the fat lady (Sylvia Ashton) trying to reduce and the thin lady (Carolyn Rankin) endeavoring to get enough to eat. Fantastical, extravaganza-like are the scenes in which Jack dreams of marrying Helen (Wanda Hawley). He attends his wedding in a bath-robe and a silk hat worn over one ear. The bride's maids can't stop doing the shimmy and even the minister, the bride and groom start to shift their feet. There is a monstrous cake cut and the fat lady balloons up in the air while Jack's mother cries from the spout of a large tea-pot. Just like the dream you might have after eating a heavy meal.

Cherry's Livery

Either Phone

Why is it that of two persons of the same age and responsibilities you'll find one who seems young and buoyantly healthy, while the other just feels his way thru life, ailing, complaining and growing old rapidly?

The difference lies in nerve energy. One conserves it—the other dissipates it through faulty nerve action.

Normal nerve action, which brings about a normal distribution of energy in the body, is the basis of health. Those who are not always at their best, thoroughly well, virile, energetic, strong, healthy and ambitious, should let the Chiropractor, by scientific adjustment of the spine, correct faulty nerve action. Then Nature, by normal distribution of energy can revitalize and regenerate every part of the body to the normal state that results invariably in great material benefit.

CHIROPRACTIC THE BETTER WAY TO HEALTH

will help everyone, those who think they are in fit shape as well as those who are not. Certainly Chiropractic (KIRPRAK-TIC) never harmed anyone, but it has done thousands an immense amount of good. Investigate it. See what it means to enjoy real natural health and vigor.

ONE DEAD IN GRADE CROSSING ACCIDENT

Virginia Trotter Dies From Injuries Received When Train Strikes Buggy—Mother in Critical Condition at Passavant Hospital.

Virginia Trotter is dead and her mother, Mrs. P. D. Trotter is lying at the point of death at Passavant Hospital as the result of injuries sustained when a buggy in which they were riding was struck by an Alton passenger train at Brown's crossing north of the city about 10 o'clock Wednesday morning.

The train was stopped and the injured placed aboard and rushed to Passavant Hospital where they were attended by Dr. Carl E. Black, Dr. E. L. Crouch and Dr. David W. Reid.

The baby was found to have severe cuts about the head and a fracture of the left shoulder. The body was otherwise badly bruised. Mrs. Trotter sustained a fracture of the pelvis, right arm and a dislocation of the hip. It is probable that she also has a skull fracture and internal injuries.

The horse hitched to the buggy was killed instantly and the vehicle completely demolished. When the engineer stopped the train Mrs. Trotter was found on one of the cylinders of the engine. The baby was thrown clear of the train.

The everything possible was done by the attending physicians. The baby died at 6:45 o'clock. At the hour of going to press Mrs. Trotter had not regained consciousness and there seemed but slight hope of recovery.

Mrs. Trotter had started to the city with some milk and evidently did not have any warning of the approaching train as the buggy had on a storm curtain. The name of Trotter on the milk cans lead to the identity of the victims.

The train which struck the Trotter buggy was the south bound passenger train No. 15 due here at 10:15 o'clock. It was in charge of Conductor Burdick and Engineer Foreman.

Coroner Rose was notified of the death of the Trotter baby and the remains were removed to the undertaking rooms of Williamson & Cody and prepared for burial. The coroner has set no time for the inquest but it probably will be held today.

NEWS OF INTEREST FROM WINCHESTER

Body of Mrs. Antrobus Shipped to Home of Parents—Barber Shop Fire—Mrs. Wright Passes Away at Jacksonville Hospital—Other Items.

Winchester, Nov. 5.—The remains of Mrs. Pearl Antrobus, wife of Turner Antrobus, whose death occurred in Beardsley Monday, arrived here Wednesday afternoon, accompanied by her husband and other relatives. The body was taken to the home of her parents, Mr. and Mrs. Samuel Wild east of town. Funeral services will be held tomorrow morning at 11 o'clock at the Methodist church in Murrayville.

The fire which started Winchester residents Wednesday about noon, a gasoline attachment for a hot water heater was the cause of the flames at the Warren Kelly barber shop on the east side of the square. Prompt work by the proprietor of the shop extinguished the conflagration before serious damage was done.

Dies at Jacksonville.

GOVERNMENT REJECTS LABOR PROPOSAL TO END MINERS STRIKE

(Continued from Page One.)

called by Secretary Wilson for the purpose of trying to settle the coal strike, was made tonight by the executive committee of the bituminous coal operators of the central competitive field. The operators expressed willingness to present all facts bearing on the controversy to any tribunal that might be named by the government.

"A careful examination of Samuel Gompers' announcement regarding the coal," said the operators' statements, "discloses the absence of a single accurate statement of facts."

"In his latest statement Mr. Gompers goes lightly from one inaccuracy to another. He misstates working conditions, miners' advances and operators' selling prices."

"It is not true that the operators' representatives walked out of Secretary Wilson's conference leaving Mr. Lewis with no alternative but to call a strike. The operators' representatives accepted President Wilson's proposal in its entirety and withdrew from the conference in order that their presence might not embarrass Secretary Wilson in his effort to persuade the miners to take the honorable course thus opened to them. At the time of their withdrawal the operators advised Secretary Wilson that they would remain in Washington waiting his call to further conference."

COUNTRY BEGINS TO FEEL EFFECTS OF MINERS' STRIKE

(Continued from Page One.)

ting the strike of coal miners, that the government arrange for a conference of miners and operators and command them to reach an agreement.

The real way to settle the strike is for the government to bring all its moral and legal influence toward bringing the operators and miners together and command them to reach an agreement. Mr. Green's statement said.

This is the practical way to get the mines started.

Mr. Green plan, however, would not include calling off the strike pending settlement of the wage agreement but was in line with statements made by Acting President John L. Lewis of the miners, yesterday, in which willingness of the miners to open negotiations without reservations was expressed.

Earlier today, Ellis Searles, editor of the Mine Workers' Journal, declared the restraining order worked to prevent the miners from giving their side of the controversy and that press reports consequently were one sided. He said that because of the injunction numerous telegrams from newspapers and periodicals, asking for information on the strike had remained unanswered.

THE A. H. T. A. AND STOLEN ROBES

A. C. Reid, president of the Havana Anti-Horse Thief Association No. 158, says that there have been a number of complaints from members who have had robes or blankets stolen from their automobiles or other vehicles and who expect the A. H. T. A. officers to find the stolen property.

In talking about this subject Mr. Reid said: "If the articles are not found, some of these members are disposed to blame the association. As a matter of fact the fault is that of the owners who carelessly leave the robes where they can readily be taken. One might as well leave his pocket book on the seat of an automobile and expect to find it as to expose a handsome robe to view. Some of these automobile robes and blankets cost \$20 to \$25 and they are certainly worth taking care of."

"If stolen, they are very difficult to trace. Sneak thieves are always around looking for such snaps and the A. H. T. A. cannot be expected to make recoveries in such cases. A little care in this particular by members of the A. H. T. A. will be beneficial all around."

RESIDENCE SALE

John Rexroat is preparing to move into the residence he recently purchased from Thomas Scott on Pine street. This is a comparatively new building and is in every way finely equipped. The sale was made by Erickson & Dewese.

The same firm sold to Dr. and Mrs. J. M. Wolfe the property of Mrs. Jennie Obermeyer on West College avenue. This is the residence Mrs. C. M. Stewart sold a few months ago to the late C. A. Obermeyer.

Dr. Wolfe and family expect to occupy the property soon and it will make them a very attractive home.

MINERS DENIED CITIZENSHIP

Pittsburgh, Nov. 5.—Five striking coal miners today were denied citizenship papers by Judge Charles P. Orr. He declared that the government had ruled that the coal strike is illegal and added that "you could not faithfully take the oath of allegiance and remain on strike under existing circumstances."

WOMEN'S CONGRESS WILL ADJOURN TODAY

WASHINGTON, Nov. 5.—Preparatory to adjournment tomorrow of the first international working women's congress today considered a plan of permanent organization.

Suggestion by the British delegation that provision be made for affiliation with specified political organizations was countered by a plan submitted by a group representing practically all the other delegations which would limit membership to trade unions.

Social Events

Mt. Zion Ladies' Aid Held Regular Meeting.

The Ladies' Aid of Mt. Zion church held its regular meeting with Mrs. J. L. Johnson of Joy Prairie Wednesday afternoon. After the business session refreshments were served. The Aid will serve dinner at the sales of W. G. Wolfe and Arthur Reeve. The next meeting will be held Thursday, December 4, with Mrs. W. G. Wolfe.

Mothers' and Friends Meeting.

The Mothers' and Friends Association held their regular monthly meeting with Mrs. D. J. McCarty Tuesday afternoon with a good attendance. Much business was transacted and the session was a busy one. Five new members were received to membership. Mrs. Charles Roberts, Mrs. Ray Spillman, Mrs. Snyder, Mrs. Schildman and Mrs. Acree.

It was unanimously voted to have a meeting Tuesday evening, November 7 at the home of Mrs. Roy Meyer, 1100 West Morton avenue. The next regular social will be held at the home of Mrs. Oran Cook, South East street, November 7. Mrs. Cook, Mrs. Sargent, Mrs. Bambrook, Mrs. Nelson, hostesses.

Gave Surprise Birthday Dinner.
A surprise birthday dinner was given for Mrs. J. T. Neal at her home in Murrayville Wednesday, the occasion being her 87th birthday. The party was planned by Mrs. Neal's daughters and all of them were present, but one. The company included, children, grand-children and great grand-children. The guests took their own dinner in baskets and the meal was thoroughly enjoyed. The feature was a birthday cake containing 87 candles. The guest of honor received a number of nice presents and entered heartily into the spirit of the occasion. After dinner a number of group pictures were taken of the company.

H. H. Massey and Wife Celebrated Their 70th Birthday.
Mr. and Mrs. H. H. Massey, southwest of the city, were not twins at all tho both were born the same day seventy years ago and now have children, grand-children and great grandchildren, all to do them honor. A short time since their dutiful daughter, Mrs. Denby Killam thought the occasion should be celebrated and she made them a fine dinner and invited a number to enjoy the occasion which was delightful in every way. A goodly number of presents testified to the esteem in which both are held.

Entertains Friends.
Miss Tillie Dixon entertained a number of her relatives and friends at her home on Lorton street Tuesday evening in honor of her seventeenth birthday. The evening was spent with music and contests. The contests and winners are as follows:

Pumpkin pie contest: First prize, Jerry DeGroot; booby prize, Richard Fernandes.

Witch contest: First prize, Jerry DeGroot; booby prize, LaVine Owens.

Hallowe'en contest: First prize, Jerry DeGroot; booby prize, Emma Dean Fernandes.

Pie eating contest: Mildred Mikesell.

Cookie eating contest: Jerry DeGroot.

Miss Dixon received a camera and many other useful presents.

Ladies Aid of Centenary Held Social Meeting.

The Ladies Aid Society of Centenary church held its regular social meeting in the church parlors Wednesday afternoon with a large attendance. After the regular business session the society discussed the annual supper and bazaar and set the date for December 9. Donations were received for Passavant hospital at the meeting. A social hour followed and the hostesses served refreshments.

Convocation Service at Brooklyn Church.
The monthly convocation service was held at Brooklyn church Wednesday evening at 7:30 o'clock, in connection with the "Via My Church Week." J. H. Reid gave a fine talk on "The Value of Christianity to a Business Man," and Mrs. Randle spoke in an interesting way on "The Value of Christianity to Women."

Following the program a general good time was enjoyed, games and contests furnishing the amusement. Among the games were the American race, apple race and peanut contest. Following these a delicious luncheon was served, the nominal charge of 10c being made for this feature of the evening.

Brooklyn Ladies' Aid and Missionary Societies Met

The Ladies' Aid and the Missionary Society of Brooklyn church met at the church Wednesday afternoon at 2:30 o'clock, the members of the Ladies' Aid Society being guests of the Missionary Society members. Various plans were discussed for the chicken pie supper to be given December 11. During the afternoon the hostesses served light refreshments.

JURY VERDICT IN JOSEPH VILT DEATH

Jury Finds Vilt Came to Death by Throwing Himself in Front of Wabash Passenger Train With Suicidal Intent.

After hearing the evidence of Bert Lumsden, Patrick Riley, Dr. E. L. Hill, George H. Knox and Charles R. Schryver, the jury sworn to inquire into the death of Joseph Vilt, returned a verdict that he came to his death by throwing himself under a Wabash passenger train with suicidal intent.

The testimony of Bert Lumsden, the attendant, was substantially the same as that given in the Journal Wednesday morning. Mr. Lumsden said however, that Vilt was a little quarrelsome and he had to keep close watch of him all the time. Witness said he had never shown suicidal tendencies.

The testimony of the train crew except that of Fireman Springer did not throw any light on the case as none of them saw the train strike Vilt. Patrick Riley, flagman at the North East street crossing, saw Vilt crawl on the track right in front of the train.

Dr. E. L. Hill gave the jury a history of Vilt's record and told of his transfer from the criminal insane at Chester to Jacksonville State Hospital. Dr. Hill also told the jury something of the treatment of patients at Illinois Insane Hospitals at the present time. He said Vilt was suffering from dementia praecox. This, the witness said, caused impulsiveness.

Cash Market

active in Red Cross work. Up
to April 30th, 1918 our club had
knitted 173 articles: 18 helmets,
6 scarfs, 41 sweaters, 64 pairs of
socks and 38 pairs of wristlets.
Some of our members won the
service button making bandages,
sewing, knitting and doing other
things for the Red Cross. We
adopted a little French orphan
girl and have provided her with
the necessities of life for the
year.

In October we were quaran-
tined on account of the Spanish
Influenza. We are happy to re-
port not a single vacancy in our
club from the dreaded disease.
And more than happy to report
not a single soldier missing by
our club mothers who many went
to camp and some to France and
back home again.

The ban was lifted and on
March 4th we held our first club
meeting of the year 1919, after
missing the entire first half of
our new program. It is needless
to say we were glad to meet once
more. We began the second half
with the study of geology, leas-
ing about the Glacial Epoch.
Changes of the Earth's Surface
and Animal Life, the Fossil world,
Earthquakes and Volcanoes, and
treasures hidden in the earth. We
learned what man has risked in
the interest of science and explora-
tion; on what climate depends;
the economic relations of streams
and the great feats achieved in
the engineering world. We made
a study of the flowers and but-
terflies. We read Riley's poems,
"old," but always new to us.

This year one warm sunny day
in July we went picnicking again
in the shade of the elms at Mrs.
Will Scott's. All reported an ex-
cellent time and appetizing din-
ner.

Because of a change in the
times we found it advisable to re-
write our constitution and by-
laws.

There has been one vacancy
in the past year on account of
Mrs. Blanche Koss going to Ur-
bana to make her home. Mrs.
Chas. Drury was voted in to fill
her place. Mrs. Katherine Magli
being no longer able to attend our
meetings was placed on our hon-
orary roll, giving her all the
rights and privileges of an active
member but relieving her of any
responsibility. At this time we
stretched our laws and made room
for two members instead of one,
voting in Mrs. Albert E. Curry
and Mrs. Earl Hensbrough. As
has been our custom we gave our
pastor's wife at Orleans, Mrs. R.
L. Reynolds, membership. At
present our membership includes
32 active members and four club
babies, two young men and two
future club ladies.

OLD JACKSONVILLE

BERGER

By Ensley Moore
(Member Illinois State Historical Society)

That far-away day in 1833,
when Berger left his life-time
home, "Down Country" in New
Jersey, and got the boat up the
Delaware to Philadelphia, start-
ing for the "Far West"—so far
then, as they sat in the stern of
the boat, watching home disap-
pear, he may have said to his
wife: "I don't care for myself,
Mother (the always called her
that, almost from the time of
their marriage). You know I'm
poor, and my father was poor, and
his father was—over there in
England—I don't care for myself.
But what I'm going west for is to
give Isaac a chance. I don't care
about Sam. He's like me, going to
be poor and unknown. But
Isaac's like you, mother; and, if
he gets the chance, he'll be a great
man. Don't you know how Dr.
McCellen said the day Isaac was
born, 'take good care of that boy,
Berger, he'll be a great man.'"

And Berger, and Isaac and Sam,
and "Mother" and the girls, got
out of Philadelphia, "over the
mountains," down the Ohio and
up the Mississippi and Illinois,
and up to Athens.

For Berger had heard of the
beautiful prairie town, crowned
with a college on the hill over-
looking the village—"destined to
be a great place, perhaps the capi-
tal of the state!" And with his
few belongings and little family
he found his way into the pioneer
settlement as the cholera left it,
that awful year, and the inhabi-
tants who had been scared away
were coming back to the place,
hereof of a score or two of their
friends.

Berger found a log cabin out
"down back of the Hill," and set-
tled his family in it, while he
eked out a living for them, and
Isaac began studying in the Col-
lege, helped by a good man,
who, like his father, believed
the aging man pined for work
man.

So the years ran on, and Isaac
had learned many of the lessons
of life, had been graduated from
the College, just as he attained
manhood, and had traveled over
the prairie, seeking health and a
living and then had become a
teacher in the "Mound City."
From there he came home to or-

ganize the first Public School of
Athens; the "New Academy," the
Yankees called it; and Southern-
ers called it the "Baby College."

Soon "Mother" went west, as
they say now. West to her long
home (and after while Berger
went to live with Isaac and his
sweet "Jersey" wife.

he aging man pined for work
to do, wanting to keep off Isaac's
own charge, and Isaac said "Well,
father, I will appoint you Forester
to look after the trees around the
school-house lot.

And Berger, old fashioned and
cheaply dressed, would come down
to the school-house, in his sweet
way, saying nothing to any one,
but trimming the trees as long as
his failing strength permitted it.
And one of the little boys never
forgot in the long years after-
ward, how the old man cared for
the beautiful elms and maples that
blessed the youth of the
town with their shades.

It's a short story about Berger,
as the annals of poor always are,
but he had lived to see Isaac re-
cognized as a great teacher, and
had seen Isaac's dear "Jersey" wife
laid away among the prairie
flowers. Then the old man would
tell Isaac over and over, with the
forgetfulness of age: "I used to
tell Mother that you were going
to be a great man, and you are!"
For the people of the state had
called him up higher.

This was said by the proud, old
father; and the West, and the
East, and the lands beyond the
great ocean to the East, re-echoed
the old man's boast "a great man,
a great man!"

Nor was this all, for when the
Greatest American waited the
hour of assuming the chair in
which Washington had sat in the
wild, exciting, sad days when
good men feared for the life of
their country—it was to Isaac
that the coming President turned
for wise advice; to Isaac that
he showed his inmost belief, and
trust in that One above all others
to whom men must look for help
and guidance.

The Immortal President has
gone; Berger is gone; Isaac has
followed; but the dear old trees
that Berger trimmed have not
lost their Fall beauty or Sum-
mer protection.

NO JURY TRIALS IN FIRST COURT WEEK

Attorneys Busy in Drainage Case
and Defer Docket Setting to
Second Week.

Members of the Morgan county
bar met yesterday with Circuit
Clerk Boston to discuss the docket
for the first week of the coming
circuit court term. As a number
of attorneys are busy with a
drainage case in the county court
which will probably not be con-
cluded this week, it was decided
after conference with Judge
Smith by telephone to make no
docket setting. However, the cir-
cuit court will convene next Mon-
day, Nov. 10, and Judge Smith
will be here to enter orders.

The grand jury will begin work
that day. Petty jurors summoned
to serve the first and second
weeks will not need to appear for
jury duty until Monday, Nov. 17,
at 10 a. m.

As already indicated, the grand
jurors will enter upon their
duties at the date originally an-
nounced but the other jurors will
not begin their work until a week
later. The petty jurors summon-
ed for the first and second weeks
are as follows:

RED CROSS GETS INTO QUICK ACTION

Soldier Case in New York Hos-
pital Shows Home Service De-
partment in Action.

Among the activities which
have engaged the home service
department of the local Red
Cross, one of the
most interesting
has been the re-
covery of prop-
erty lost by men
in the army. The
following incident is one of many
which the officers of the depart-
ment could relate:

A Morgan county soldier was
ill during his period of service and
was taken to a hospital in New
York. At the time he had in his
possession the sum of one hun-
dred dollars, which he deposited
with the hospital officers. During
his illness the official staff was
changed, and, owing to some re-
sultant confusion of records, he
was discharged from the hospital
without recovering his money.

When the soldier was finally
released from service and re-
turned home, he went to the Red
Cross headquarters in the library
building, showed a receipt for the
deposit of his money and asked
for help in recovering it. After
satisfying themselves that the
boy's story was straight (as they
always do before giving aid) the
home service committee wrote to
the New York Red Cross, and in
a few days the boy received a
check for one hundred dollars.

Such matters can usually be ad-
justed thru regular military chan-
nels, but the Red Cross cuts the
Gordon knots into which mili-
tary red tape becomes entangled

and secures settlement in much
less time than the other process
requires.

HERE'S THE REASON FOR THAT FRESHMAN SMILE

"Leaf Raking Day" Will Be Officially Observed Tomorrow and Lower Classmates Will Be Liberated from Bondage.

Every Freshman at Illinois College is now wearing a calm but cheerful smile. The reason is derived from the fact that "leaf raking" will take place on the campus Friday from one to five o'clock.

The freshmen will then be free to wear civilized apparel and at last be able to not only smile at the feminine sex, but to even talk to them. Why shouldn't they be happy?

A "grand and glorious" time is planned and it is certain every one will have a delightful time.

Will Meet Local School on Illinois Field Saturday Afternoon.

Next Saturday Quincy High School football squad plays the Jacksonville high school eleven on the Illinois College field at three o'clock.

Quincy is coming to Jacksonville with bets of five to one that she will walk over Coach Hufford's team. Quincy was defeated last Saturday in a game with Monmouth, with a score of 15 to 0.

Two of Coach Hufford's line men, "Bud" Molohon and Ernest Bray, will be out of the contest Saturday on account of injuries.

The Jacksonville boys have had good, hard work on the field this week and a number of new men have come forward with much promise. "Saturday's game will be a good, hard scrap and it will be the first real hard fight the boys have had," Coach Hufford said.

RED CROSS ROLL PROCEEDS RAPIDLY

Six Hundred Members Reported by Fifteen City Workers Last Night — Many Hundred per Cent Firms.

Judging from the reports from Red Cross headquarters the membership campaign is running according to schedule.

Over 600 memberships were reported by fifteen city workers last night.

No returns so far have been received from outside the city. The campaign committee asks that every city solicitor make a report by 4 o'clock today, even if their work is not complete, in order that some idea may be gained as to the progress of the campaign. An effort will also be made to secure a report from the county branches.

Over two hundred memberships were reported from the business section yesterday. Several sections of the business area have not been solicited yet but this work will all be finished in a very short time.

The firms becoming 100 per cent yesterday are: Myers Bros. Graham Hardware Co. Doran & Breeden. Lukeman Bros. Tom Duffner. Tomlinson's clothing store. Frank Byrns. Brady Bros. Bon Owens restaurant. Bahau Bros. J. D. Benson. Kresge's ten cent store. E. W. Bassett, jeweler. Russell & Thompson. Coover & Shreve, west side. F. G. Farrell & Co. Farmers' State bank. Postoffice.

WILL OPEN NAVY RECRUITING STATION

William Schluter, C. W. T. of the United States navy, arrived in the city Wednesday and will open a naval recruiting office in the Chamber of Commerce room in the Hockenbuhl building.

He is accompanied by W. C. Black, C. W. T. and W. H. Hannah, S. S. C., and they have a two-ton Winthens truck. Enlistments can be made for two, three and four years. In the aviation branch of the navy the enlistment must be for three years.

Mr. Schluter says the navy offers exceptional opportunities for young men and they will do well to investigate the proposition. He will have the office open here until November 12.

Young People of Sacred Heart Parish will present comedy "A Crazy Idea" in 4 acts at Marquette Hall, Franklin, Saturday evening, Nov. 8th.

COUNTY AGENTS IN JOINT WORK

County Agent G. B. Kendall was in White Hall yesterday to conduct a poultry culling demonstration in conjunction with the Green county farm adviser. The meeting was well attended and a good deal of interest was shown. Farmers in Greene county keep about the average amount of poultry and the number of city dwellers who are interested in poultry culture is large.

Just received a large shipment of Columbia Records—special price. Get yours now while I have a good assortment.

BUYS WAR CHATELLETS

Chattel property belonging to J. W. Ward was sold under foreclosure Wednesday at the office of the Jacksonville Transfer Co. The property was levied on some time ago by Sheriff Weatherford and the sale was held under direction of State's Attorney Robinson. All the property was purchased by George Brown of the Jacksonville Plumbing Co. He will use the show cases and some other parts of the equipment and re-sell the rest.

BIG LEGION MEETING AT DAVID PRINCE TONIGHT

Gathering This Evening Will Be for Families of Post Members and for Families of Men Eligible to Become Members—Canadian War Hero to Make Address.

Every member of Jacksonville Post, American Legion, every man eligible to membership in the Legion, and the families of members and of men eligible, are urged to attend the big meeting to be held at the David Prince auditorium this evening at 7:30 o'clock. This gathering is being held to acquaint all with what the American Legion is and what it stands for.

The meeting is free to all and affords an opportunity for the residents of Jacksonville to become more familiar with the facts concerning this great organization of ex-service men.

The Program.

The committee in charge have announced the following program for the evening:

Orchestra.

Introductory Remarks by Temporary Chairman R. Y. Rowe.

Reading—Miss Frances Alkire.

Selection by Quartette.

Address—Ivan S. Rossiter.

Report of Membership Committee—Chairman H. P. Green.

Orchestra.

New Message.

The principal speaker of the evening, Ivan S. Rossiter, was heard by many at the chautauqua a few months ago. He has a new message for the people of Jacksonville tonight. Rossiter is a charter member of the World War Veterans, a Canadian organization of ex-service men, similar in many ways to the American Legion which was formed later in this country. He is, because of this fact, well qualified to speak on this subject, and is in a position to explain just how such organizations operate and what their functions are.

Want the Ladies.

It is the desire of the committee in charge of the program that the wives, mothers, sisters and sweethearts of the soldier boys of this vicinity attend this gathering at the David Prince building tonight.

WHITE HALL WILL HAVE INSTITUTE

Meeting of Greene County Farm Bureau is Held Monday—Other White Hall News.

White Hall, Nov. 4.—A regular meeting of the Greene County Farm Bureau was held Monday afternoon in the First National Bank at White Hall. The bureau has headquarters in the court house at Carrollton, and this is the first meeting to be held at White Hall. The meeting had been called to be held at Carrollton Saturday evening, and there was not one of the directors present. County Adviser Phillips then tried out the plan of holding the meeting in White Hall with

TAKE ASPIRIN ONLY AS TOLD BY "BAYER"

"Bayer" Introduced Aspirin to the Physicians Over 18 Years Ago.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years.

"Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monocaceticacidester of Salicylicacid.

TOO SHORT TO DO UP AND STILL FALLING

A Little "Danderine" Stops Your Hair Coming Out and Doubles Its Beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

the result that there was a full attendance. This speaks well of the central location of White Hall for county gatherings. Steps were taken toward arranging for a farmers' institute to be held in White Hall early in December. The previous institute was held in Greenfield with such gratifying results that the management is hoping that White Hall will show equal interest and hospitality. One drawback now apparent is that the institute will be held during the same week as the international live stock show at Chicago, which attracts some of the best farm boosters from White Hall, and where Gregory Farm will have an exhibit of Berkshire hogs and Percheron horses. A card from John R. Stanton, mailed in Paris October 19th, states that he was leaving there for London that day, and would sail for New York on the 22nd from Plymouth on the Rotterdam. He says he had a great time in Europe, and this is taken to mean that he has kicked up some valuable business across the water on his first trip to Europe in the interest of the publishing house of Stanton & VanVleet of Chicago, of which he is president. It hardly seems credible that this White Hall Irish boy has built up one of the biggest publishing concerns in the country in a few years that has become enlarged sufficiently to take in the bigger part of the world. He stopped at White Hall on his way to Europe the latter part of August, and gave the proposed new library a boost by offering to furnish a large portion of the equipment.

W. A. Winn is planning an addition to his business building on the east so as to bring it out on a line with the new addition to Whiteside Park, giving it a frontage on the park as well as on Main street.

TIMBER EDGE SCHOOL VISITED

A Fine Location and Some Very Bright Boys and Girls Especially Among the Little Ones.

When a lioness was taunted with bringing forth but one cub at a time she replied: "One, but a lion." Timber Edge school is not very large but it certainly has some bright boys and girls in it, and especially among the wee ones. In nearly every school visited there is some feature that is gratifying and here it was the response and questions asked by the little folks. In fact, there are but three pupils there would not be ranked with the primaries and those three are all right. At no place has the writer better enjoyed a visit than at Timber Edge. It is also gratifying to note the larger attendance than was once the case. A good many years ago the writer visited this school when but three pupils were present, and now the number is much greater but the houses are scattered and the families are not large so that the attendance at the school is yet rather limited.

The schoolhouse is pleasantly situated with some fine trees in the lot and it is on a hill so that it will always be high and dry. The building is in good shape though it has no vestibule but the lighting is good and the furniture all right. They lack library, maps and some pictures of great men. They have portraits of Lincoln and Washington and you can't help but feel better if they had more company.

Undoubtedly the directors will take these things into account as funds will permit for the boys and girls in that school deserve the best. They answered questions very well and also asked a good number. They were polite in the attention to the visitor. One of the boys went out and untied the horse and showed his good breeding in a pleasant manner. Timber Edge will be pleasantly remembered.

Miss Theresa Wagstaff, the teacher is devoted to her pupils and gives good service. The directors are Messrs. A. H. Ranson, Robert Middleton and Fred Megginson.

The pupils are: Laurence Millon, Vincent Davidson, Mildred Ranson, Dorothy Ranson, Muriel Hemmings, Jonette Angelo, Thelma Allen, Clay Smith, Harold Millon, Howard Millon, Harry Angelo, Kenneth Hemmings, Elmer Morthole, Charles Allen.

CONCORD

There will be preaching service every Sunday morning from now on until further notice at the Christian church. Brother C. A. Middleton of Chapin has been filling the pulpit for two weeks and has made arrangements with the official board to preach every Sunday until January 1st, and longer if desired. Brother Middleton is a young minister, full of energy and willing to work, and hopes for the hearty support of the membership. The church is now entirely out of debt, due to the splendid work of the Ladies' Aid Society in holding the "Donation Sale" which netted over \$300. The ladies wish to extend a vote of thanks to Mr. Rexroat and Mr. Hamm, who generously donated the use of the restaurant building and ground adjacent. Also the auctioneer, Bert Way, and Clerk O. T. Hamm. Brother Middleton and wife will drive over from Chapin each Sunday morning in time for Sunday School which is taking on new life. Let all the members come out now and help boost.

The Best Cough Syrup is Home-made.

Here's an easy way to save \$7, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the bottle. Or, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, breaks the membranes, and gives almost immediate relief. Splendid for throat trouble, hoarseness, croup, bronchitis, and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. To avoid disappointment ask your druggist for "2½ ounces of Pinex with directions and don't accept anything else. Guaranteed to give you complete satisfaction or money refunded. The Pinex Co., Ft. The Vital Parts of a Monarch Guaranteed Long Life

That is the only sure way to tell how good a range is—by looking inside it. See how it is built. Know what kinds of materials are used in it. Find out how the joints are made. It is the inside of a range that counts when you are baking or cooking. The Monarch interior construction is built to withstand the most grilling tests—extreme heat from over-firing, attacks of rust from the corrosion of creosote gases, quick heating and quick cooling—all these are things that happen to your range every day. And if it is not built to withstand these natural attacks it can not serve you efficiently. Nor will it be economical. The walls of this range are completely lined with a heavy coating of Vitreous Enamel which is a sure safeguard against rust. The body is hand riveted and air tight, has a hot blast fire box, saves one-fourth the fuel. See us cook and bake on this range this week.

TWO FUNERALS AT GRIGGSVILLE MONDAY

Funeral Services for John Cheesewright and Elias Miller held Monday Afternoon—Miss Nannie Kennedy Dies After Brief Illness—News Notes.

Griggsville, Nov. 4.—Lucian Cover has been spending several days with his wife's brother, D. J. and Miss Mattie Ferguson.

Mr. and Mrs. Glen Hickie and daughter are moving from Pittsfield to Griggsville.

The funeral of John Cheesewright was held yesterday after-

noon at 2 o'clock, Rev. Atchison officiating. Deceased was born Aug. 24, 1843 in Quadren Pen, Old England and died Nov. 3, 1919. He had been in poor health for some time. He was married to Miss Mattie Dickerson June 12, 1871 and one child was born to this union, Miss May, now living at Portland, Oregon. His wife died April 30, 1885 and he was married to Mrs. Fannie Taylor Aug. 27, 1885. She survives him.

The funeral of Elias Miller was held yesterday from the residence of his son, Sellers Miller. Deceased was 75 years old and spent his entire life in this vicinity. He is survived by three children, Sellers Miller, Mrs. Rebecca Spiker and Mrs. Mary Dorsey. Miss Nannie Kennedy, passed away this morning after a few days of serious illness. She became suddenly ill and gradually grew worse until death came. Miss Kennedy was a successful music teacher and always had large classes to teach at her home. She was 58 years old and is survived by two brothers. Funeral services will be held tomorrow afternoon.

PORTO RICO HAS VAST EXTERNAL TRADE

Reached Total of \$141,896,400 During Fiscal Year 1919—Sugar and Coffee, Chief Products, Brought Better Price Than Ever Before.

San Juan, P. R., Nov. 5.—(Correspondence of The Associated Press.)—Porto Rico's external trade reached a total of \$141,896,400 during the fiscal year 1919, a new high water mark and an increase of more than \$4,000,000 over 1918.

Trade with the United States amounted to \$128,913,436, representing 91% of the whole as compared with 90% during 1918. Imports from the United States were valued at \$57,898,085, from all other countries \$4,502,275, a total of \$62,400,360.

Exports were approximately \$17,000,000 in excess of imports. Exports to the United States amounted to \$71,016,351; to all other countries, \$8,480,689; total \$79,496,040.

Since 1900 the value of imports and exports of the island have increased from \$16,502,004 to \$141,896,400 or nearly nine fold.

Two of the island's chief products, sugar and coffee, brought a better price than ever before. The average price of sugar shipped during the year ended June 30 was \$136.77 a ton. During 1918 the average price was \$122.81.

In 1914 it was \$63.12 a ton. Coffee exported was valued at an average price of .217 a pound. In 1913 the average price was .171, the nearest approach to the value of the last crop. The average value of coffee exported during 1918 was .146, or approximately .07 a pound less than the 1918 price.

MORE ROOM FOR AUTOS
An enthusiastic auto man suggested yesterday to a Journal reporter that twenty feet be taken off the boundary of Central park all around and give another place for auto parking. He said time was when people walked and didn't need much room but now cars are plentiful and should be encouraged as much as possible. His plan would destroy several pretty good shade trees and would meet with great opposition from a great many sources though. He asked the people of Jacksonville want to make the place as inviting as possible to visitors.

FORMER RESIDENT
ILL IN WISCONSIN
Word has been received that Mrs. G. W. Puffer, of Fox Ca Lac, Wisconsin, is quite ill. She has been in poor health for the past two years but has recently been compelled to go to a hospital for treatment. Mr. Puffer was formerly the principal of Brown's Business College and they have a number of friends in this city who will be sorry to hear of Mrs. Puffer's illness. She will need cheering, so if any of her friends here care to write to her, they may address her at Sunny View Sanatorium, Winnebago, Wisconsin.

CHAPIN

A double birthday party was given Tuesday evening, October 28th, at the home of Carlos McDonald in Chapin, in honor of his fourteenth birthday and the fifth birthday of his little cousin Ronaldo Flynn. Each received some appropriate and useful presents. Refreshments were served including oysters. Those present were Henry, Arthur, Eva and Elta Medlock, Curtis, Lawrence, Warren, Irwin and McDannald Peter, Iva, Omer, Argentina, Carlos, and Esther McDannald, Mrs. Luella Flynn and daughter, Ronaldia, Raymond Flynn, Ina and B. Van-iter, Freddie Harris, James Pre-witt, Louise Hedrick, Oscar Sur-ratt, and Roy Hankins. The guests departed, wishing Carlos and Ronaldia many returns of the day.

Leland Henderson, who is now employed at Barr's Laundry, spent Sunday at the Henderson Farm, attended church in the evening, and returned home on the train. The coal strike caused the meetings to close on Sunday night at the Christian church. A large audience listened to a splendid sermon, "The Scarlet Line," 8:30 train.

Surely when ten million people buy Miller's Antiseptic Oil (known as Snake Oil), on a positive guarantee of satisfaction or money back, and only 12 bottles returned, you can believe that this is the

"World's Greatest Reliever of Aches and Pains." After trying Miller's Antiseptic Oil (known as Snake Oil), you will never want to be without it because it penetrates so quickly and brings such prompt relief for such ailments as rheumatism, lumbago, sprains, aching joints, la grippe, colds, influenza, etc. Mrs. Sarah Mitchell, Huggins, Mo., writes, "I send \$2.20 for 2 bottles of Miller's Antiseptic Oil (known as Snake Oil), please send by return mail as I am needing the oil." Mr. Henry Atwell, Center, Kentucky, writes, "I have just tried a 60c bottle and got great relief." Thousands of letters such as these have been received. Get a 30c, 60c or \$1.00 bottle today from any drug store. Money back if not satisfied, at Armstrong & Armstrong.—Adv.

WHAT ARE SECONDS?

"Seconds" is a term used to denote tires that one of the reasons mentioned below do not carry manufacturer's regular mileage guarantee. These reasons are:

- (1) Over production in certain sizes.
- (2) Change of tread.
- (3) Change of Color.
- (4) Slight surface blemishes.

The fact that a tire is stamped "second" does not mean it will not give its original guaranteed mileage. The we sell as seconds can safely be sold with the manufacturer's original guarantee.

A Farm Wagon Worth More Than It Costs

For the Next Few Days we will sell a FARM WAGON, standard make—manufactured by one of the oldest, best known high grade companies in this country—at a price below the WHOLESALE COST TODAY.

WHY?

Just to see if our Morgan County farmers really wish VALUE, really APPRECIATE a good thing and are willing to accept a bargain when it is offered to them.

Let us assure you RIGHT NOW this car load is absolutely NEW WAGONS, made of the very choicest material, air dried and bone dry. All wheel and gear parts were soaked in hot linseed oil before being assembled and ironed. All tires were put on hot, this being the only way to be sure of tight tires and that they will STAY ON.

HUBS—Made of the best white oak, carefully seasoned under sheds, second growth white oak and heavy white oak felloes, all stock bone dry and soaked in boiling oil before ironing. TIRES—Extra heavy. BEDS—All stock used the VERY BEST. BOTTOMS—Long leaf yellow pine, tongue and grooved. Five oak cross pieces on bottom, also reinforced by extra boards over each bolster. Heavy rods and braces, anti-spreader chains. Every wagon carefully inspected. This wagon is known the country over as one of the lightest draft, best finished, highest grade wagons built. Guaranteed against defective material or workmanship.

Remember this bargain price up to and including November the 15th, 1919, is

\$114.75 (Cash)

Making a purely vegetable Medicine

1875—1919

In 1875, Lydia E. Pinkham of Lynn, Mass., gathered and dried the roots and herbs which she used in the now famous Lydia E. Pinkham's Vegetable Compound, from the fields and forests,—then steeped them on her kitchen stove and filled a few bottles at a time, to alleviate the suffering of her women friends, neighbors and acquaintances, and the success of this medicine was unparalleled.

After 44 Years

These illustrations show the present method by which vast quantities of this well-known remedy are produced and from exactly the same kind of roots and herbs used by Mrs. Pinkham in the beginning.

First—The various herbs used are of the finest quality, and gathered at the time their medicinal strength is the highest.

Second—After the herbs are properly ground and mixed, the medicinal properties are extracted by soaking in large stone jars, covered.

Third—Then the extract is drained through percolators, acting somewhat like a coffee percolator.

Fourth—To insure a thoroughly pure medicine, it is carefully pasteurized by heat in special apparatus, and bottled hot.

Throughout the entire process, from the crude herb to the finished medicine in bottle, cleanliness and exactness are the watch-words.

The Reliability of Testimonials Guaranteed

The testimonials published by the Lydia E. Pinkham Medicine Company come to them unsolicited. Never knowingly have they published an untruthful letter, never is a letter published without the written consent of the writer. The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness. It is easy to realize how these poor, suffering women feel when restored to health; and their keen desire to help other women who are suffering as they did.

The New "Overland Four"

250,000 Miles. Three Point Cantilever Springs.
Greatest Improvement Since Pneumatic Tires.

Land 4 has been put through the most thorough and severe test possible.
100 miles of mountain trails, desert sand, heat, cold, mud, dust, demonstrated the quality of every part of the car before we began manufacturing.
A remarkable test showed conclusively that Three-Point Cantilever Springs, exclusive with Overland, are the greatest improvement in riding comfort since the introduction of pneumatic tires.

They protect the car from road shocks and prolong the life of every part.
They enable the wheels to hold better to the road. They give extra comfort under all road conditions.
They do away almost entirely with side sway and rebound which twist and rack the car.

Original attachment of the Three-Point Springs at both ends of a 130-inch Springbase gives the steadiness and smooth ride of the heavy car of long wheelbase.

Equipment is complete from Auto-Lite Starting and Lighting System to Marshall Divan Spring Upholstery.

MAPLE GROVE ONE OF COUNTY'S BEST SCHOOLS

Well Located About Two Miles North of Woodson—Children Are Bright and Interesting.

Two miles this side of Woodson, most delightfully situated, is Maple Grove school successfully taught by Miss Myrtle Shelton who has an interesting list of boys and girls under her care. The schoolhouse has a very fine playground and it is shaded with fine, hard wood trees so that the children have plenty of places for play when the weather is warm. The school building is up to grade tho it has no vestibules but

it is well built, properly lighted and a credit every way to the district. Pictures of Lincoln and Washington look down on the room and a few more of eminent men would be an advantage. They have a very good set of maps but are rather short in the matter of a library. A piano is in the room but the teacher was not aware of its condition as she doesn't play. There is one good large gate and where a small one was once but it is stopped by two boards under which one may crawl. The outbuildings are in good repair and the premises are clean and tidy.

The visitor enjoyed his call very much and was treated most politely. All the pupils gave good attention to what was being said to them and answered questions very well, one in particular which has stilled some other schools. They seemed anxious to hear what was told them and looked with interest at the pictures and curios shown them. Those boys and girls will make grownups if they keep on all right.

The directors of the school are Messrs C. O. Winter, C. E. Butler, and Hugh Voorhees. The pupils are: Alma Winter, Inez Winter, Sarah Crotty, Catherine Crotty, Margaret Butler, George Butler, William Butler, Opal Kehl, Alice Winter, Mildred Butler, Twyla Williams, Ruth Smith, Thomas Crotty, Clark Butler, Freida Kehl, Estle Tribble, Cecelia Crotty, Mildred Kehl, David Winter, Russel Butler, Marie Tribble, Bernice Winter, Russel Kehl, Howard Tribble.

"Women have been clever enough

"The answer to the problem they
found was—'Save what we have.'
"It is well-known that the chief

into holes in the toe and heel. Run-

"By using ODORONO the toilet
preparation that checks perspira-
tion, they find they can keep the
feet absolutely dry, and get longer
wear out of their stockings. It
took women to find out just how
effective ODORONO really is."

ODORONO, mentioned by the in-
vestigator, is a toilet preparation
for relief from excessive perspira-
tion, and the sure means to perfect
neatness. It was prepared by a
physician, and is endorsed by medi-
cal authorities. Be sure you get
the genuine ODORONO. At all
druggists and department stores,
35 cents and \$1.00. Trial size, 30
cents.

Beauty Answers

By MADAME MAREE

MISS GERTIE O.
M.—You say you are
25 and look like 35. If
you will try this won-
derful formula you will
soon say you will look
like 20, and this is no
exaggeration. Your ac-
tual results will prove
it if you will make up
your mind to use this formula. Liberal-
ly every day, and use no other so-
called wrinkle cream. Add two ta-
blespoonsful of glycerine and two
ounces of oil to a half pint of hot
water. Keep stirring until they form
a satiny cream. This is so economi-
cal that it can be used generously,
and will hasten the result. It removes
wrinkles, crows' feet and lines of age.
The oil can be obtained for not
more than fifty cents at any drug
store.

MRS. S. O. S.—Your hair should at
once stop falling if you will use my
hair formula. Every one who has
tried it says it is perfectly astounding
how it makes hair grow and stops hair
falling. Get one ounce of beta-quinol
from your druggist for 50 cents, and
mix it with one pint of witch-hazel, or,
if preferred, in one-half pint each of
water and bay rum. Use this every
day and your dream of long, silky,
beautiful hair will truly come true. In
making up this mixture you will find
it will give you over a pint of the hair
grower at a smaller cost than that of
any prepared hair treatment, and be-
sides, you have the best you can get
anywhere. It will not fail to give re-
sults.

MRS. B. O. T.—Your hair is brittle
because of the soap and ordinary
shampoos you have been using. You
know they all contain alkali. That
dries up the natural oils. Now just
dissolve a teaspoonful of egg in a
cup of water and use as a headwash
and you'll see how different your hair
will be. All fatty accumulations and
dandruff will disappear like magic.
You'll never use anything else. Enough
egg is contained in twenty-five
cents at the drug store for over a
dozen of these shampoos.

HAVE COLOR IN CHEEKS
Be Better Looking—Take
Olive Tablets

To have a clear, pink skin, bright
eyes, no pimples, a feeling of buoyancy
like childhood days, you must keep
your body free from poisonous wastes.
Dr. Edwards' Olive Tablets (a vege-
table compound mixed with olive oil)
act on the liver and bowels like calomel
—yet have no dangerous after effect.
Take one nightly and note results.
They start the bile and overcome
constipation. That's why millions of
boxes are sold annually, 10c and 25c.

**Miller Tires Cost
Less Per Mile**

ON passenger and commercial cars,
competing against every leading
make, Millers prove lowest in cost per mile.

Millers have proved their case, not
by the unusual mileage of one or two
tires. Each is a long distance runner.
Casing after casing these tires have out-
run all standard mileage guarantees.

All Wear Alike

Only by building every one the same has
Miller produced tires that wear alike un-
der the same conditions. Each, regardless
of the mileage run, is guaranteed against
defects in workmanship and materials.

Besides giving you uniform long dis-
tance mileage, you get the famous Geared-
to-the-Road Tread. This cog-like tread
gives you positive traction on wet roads
and pavements and prevents spinning and
slipping.

Put Millers to the Test

Drive up or call up, and have a pair of
the tires put on your car. Then keep care-
ful record of the mileage. That's all we ask!

Influenza Has Come Back Doctors Say

NINE HUNDRED CASES REPORTED TO THE U. S.
HEALTH SERVICE

Surgeon General Blue Issues Warning for People to Take
Proper Precautions.

Dr. Rupert Blue, surgeon general of the United States public health service, wants the public and the authorities to be on guard against the recurrence this fall of the influenza epidemic. In a statement issued last week, he says that the most promising way to deal with this situation is expressed in the word "preparedness," and NOW is the time to prepare," the surgeon general added.

Dr. Otto Geier of Cincinnati, secretary of the American Medical association, says, "If you hope to keep your health this autumn, get yourself in the pink of physical condition, and take all possible precautions to avoid infection. The flu is going to hit us again, and the amount of damage it will do depends largely upon how well we prepare for it. In the face of this certainty that we will have to combat influenza this fall, we are totally unprepared to do so."

Doctors are agreed that precautionary measures are more necessary than ever before. The secret of avoiding influenza is to keep the germs from lodging and developing in the respiratory organs—the mouth, nose and throat. The utmost care should be taken not to catch cold, for colds weaken the resistance to influenza germs. No one should be allowed

to breathe in your face, because the germs are often transmitted in this manner. Finally a good antiseptic should be used frequently. Physicians endorse the use of antiseptics to protect the air passages. Turpo is an effective antiseptic, combining the old-fashioned remedies of turpentine, camphor and menthol in a pure mineral base. These ingredients have long been recognized as having really wonderful qualities in relieving colds and congestions. As a preventive for flu, sniff a little Turpo up the nostrils several times a day, and the flu germs will have little chance of getting a lodging and breeding place. Many physicians and hospitals use and recommend Turpo. The fact that for the week there were nine hundred cases of influenza reported to the United States Health Service makes it important that you prepare now. Buy a thirty cent jar of Turpo of your druggist now while he has a supply on hand, and use as directed.

If in spite of all precaution, Spanish influenza develops, go to bed and summon a physician. Influenza is a serious malady, and requires the best medical attention. Do your share in preventing the flu.

GREAT OLD REMEDY FOR SKIN DISEASES

S. S. S. Clears Skin of Eruptions—Drives Poison From the System

Get it fixed in your mind that skin eruptions—Scrofula, Eczema, burning, itching skin, and all skin diseases are due entirely to impure and infected blood. If the trouble was on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even ointments, lotions, and salves would be necessary. Agree with us in this belief, and your trouble can be relieved—you can be entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most decided abatement of your

trouble, and finally make you to suffering mankind. During entirely well. Fifty years ago S. S. S. was discovered and given this period it has proven its remarkable curative properties as a blood purifier and tonic, and has relieved thousands of cases of disease caused by poor or impure blood, and chronic or inherited blood diseases. You can be relieved, but you must take S. S. S. Take it if only pimples appear, or they denote bad blood and may be followed by the sufferings from torturing skin eruptions. Therefore be sure don't take chances, don't use lotions. Get S. S. S. from your druggist. If yours is a special case, write for expert medical advice. Address Medical Director, 438 Swift Laboratory, Atlanta, Ga.

THE OBSERVATORY

From the condition in which the country finds itself today, one is led to believe that a great deal of chautauqua advice has been followed.

It looks to be the case that a man who needed it now and then for his constitution will have to amend his constitution.

The moving picture roster is full of names which are designed to mean something, whether they really succeed or not—names like Arline Pretty, Louise Lovely, Fritz Brunette and Blanche Sweet. Is the moving picture in stage corresponding to the John Bunyan stage in English literature?

Notwithstanding the fact that all modern telephone instruments are insulated, it is said that the telephone has burned up more pork chops and fried potatoes than any other agency. Why is it people select the cooking hour for calling up the housekeeper?

Who is it teaches boys not to take a dare? There is no other doctrine so dangerous, except, perhaps, that some fathers tell their boys: "Study hard now and

get an education so you won't have to work when you grow up."

A Kansas teacher has made a rule that any girl appearing for gymnasium drill in silk stockings shall have ten points taken off her scholarship grade. Which makes it rather tough on girls who have barely been able to get silk hose and now must scramble around and buy cotton ones too.

Both parties profit when they meet thru Journal Want Ads.

The Emporia Gazette is firmly of the opinion that if President Wilson is well enough to veto a prohibition bill, he is well enough to bring our soldiers home from Russia. England has withdrawn the last of her soldiers, and America is fighting with the French and the Japs. Congress has never declared war against Russia. And anyway, the Gazette says, the Allies have given up trying to capture Petrograd until spring; so why stick around the North Pole? Why not get the boys out of the ice jam before Christmas?

ALL YOU NEED TO WIN SUCCESS.

How can a young man, without outside influence, achieve success in business? A questionnaire sent to fifty St. Louis firms showed that those questioned believed the basic essentials to be neatness, punctuality, courtesy, rapidity, steadiness, ability to save money (pretty severe test nowadays), loyalty, honesty, dependability, initiative, secrecy as to the firm's transactions, efficiency and ambition. It also helps to move to a live town.

RUBBING IT IN.
A Coal strike is a serious thing at this time, especially to the people who live in the cities. In the country, if it comes to a showdown, we can grab an ax and a cross-cut saw and take for the woods where there is plenty of fuel. And this is only one of the thousands of advantages of living in the country. — Polo News-Herald.

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENREGO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will also remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENREGO. It's a most delightful and refreshing tooth paste.

JAPANESE WOMEN'S IDEAL
Thirteen Virtues are Demanded of a Nipponese Husband.

From the Cleveland Plain Dealer.
Tokio—The magazine, Chou-ko-ko Gohano (Virtuous Woman) invited its Japanese women readers to send in their opinions on what constitutes an ideal husband. Here are the thirteen virtues they demanded of a Jap husband:

He should not be greedy.
He should not spend too much time "pimping."

He should have a manly appearance.

He should not be too familiar with other women.

He should express himself clearly.

He should make prompt decisions.

He should have high ideals.

He should never show himself in the kitchen.

He should never criticize the coiffure or the gowns of his wife or any other women.

He should not bore his wife by telling her all his pet tastes.

He should not drink too much.

He should not be a dude.

He should not be too jealous.

Miss Carrie Speers of Tallula was a city shopper yesterday.
